"Shimmy" and Polka Dances for Veterans

Both Are Given Place on Program of Atlanta Reunion.

(Special to The Times-Dispatch.)
ATLANTA, Ga., August 26.—The old-fashioned polka and the modern shimmy will compete in the popular favor in Atlanta in the month of October, when the reunion of the United Confederate Veterans is held here.

Both dances have been given a place on the program of the two big balls that will be brilliant features of the reunion, which is expected to assemble more than 100,000 people from all parts of the South.

The "shimmy" and the "jazz," after some discussion, were included in the ball numbers because of the fact that the reunion will be attended by thousands of young people, sons of Confederate Veterans, maids, sponsors and others, who will accompany their daddies and their grand-daddies to Atlanta.

As for the polka, it was placed on the program at the demand of the veterans themselves, together with the mazurka, the minuet and other dances which were favorites with these men when, as the chivalry and youth of the South, they went forth to battle with Lee and Jackson more than fifty years ago.

There was some talk in Atlanta of a while of giving the veterans "seats of honor" on the platform when the reunion was held. But this was quickly annihilated.

"Not on your life," said General N. P. Forrest, son of the famous Confederate cavalry leader and reunion general, who has been attending these events for the past fifteen years. "You won't be able to hold these old boys on the platform when the band begins to play. They will be right there on the floor, and some of these young chaps had better look out for the can 'cut a step' along with the best."

The balls will be but two of several brilliant functions planned for the reunion. The people of Atlanta have subscribed more than \$50,000 to finance the reunion, and much of this sum will be expended for the entertainment of the veterans and their families. That will be such attractive features of the four days.

AMUSEMENTS
"The Naughty Wife" Here Friday.
"The Naughty Wife" is a decidedly clever and funny comedy. Its story, that of a young wife who feels that her too busy husband has lost his love for her, and decided to clope with a lover, holds a human appeal for both men and women, perhaps especially for women. What woman has not some time thought that her husband's love was waning, and secretly cherished the thought of "going home to mother" or perhaps even of "running off with some one else, if there happened to be a 'some one else' around, whispering flattering things?"

But this little wife, "The Naughty Wife" has been provided by the author with a clever husband and a more clever "woman" friend to manage her elopement, which they do in a way that keeps the audience laughing through three hours of unending fun, with the naughty wife happy at the end in her husband's arms.

"The Naughty Wife" has been secured for the Academy of Music for Friday and Saturday and Saturday matinee. The four-star cast, Reeva Greenwood, Gertrude Hoffman, Gordon Midland and C. Elwood Barber, with first-class support, assure a fine performance.

INDICATIONS ARE AMERICANS WILL SOON LEAVE SIBERIA
Approximately 6,000 Soldiers Are Still in Frozen Land of Europe.

(By Universal Service.)

The four-star cast, Reeva Greenwood, Gertrude Hoffman, Gordon Midland and C. Elwood Barber, with first-class support, assure a fine performance.

BRITAIN TO BE PALESTINE'S MANDATE, SAYS BRANDEIS
Supreme Court Justice Will Put Entire Situation Before Zionist Convention.

(By Universal Service.)
LONDON, August 26.—The British government probably will assume the mandate for Palestine, Justice Brandeis announced tonight at a farewell dinner given in his honor by British Zionists at the Ritz.

Justice Brandeis said for America on Friday, on his arrival in New York, he will go directly to Chicago, where he is to lay the entire Palestine situation before the Zionist convention of September 15, including his own plan for the rehabilitation of the Holy Land.

He expressed his enthusiastic belief tonight in various practical steps to be taken to prepare Palestine for occupation by 5,000,000 of the world's 17,000,000 Jews.

"I am thoroughly convinced," he said, "of the possibility of developing Palestine as the Jewish homeland. We can trust our people to grow up there and respect the ideal life."

Other speakers were Professor Felix Frankfurter, of London, and Jacob de Haas, secretary of the American Zionist Association.
